

LINEX 11 BALL

The LineX offers a minimalistic approach to track lighting, in comparison to the larger, but more versatile 3 Circuit Track. With a smaller profile, and smaller fittings available for it, the LineX is ideal for residential lighting.

- High CRI – Defining architectural details and finishes.
- Seamless Ambience – Creating a balanced and uniform glow in all directions, showcasing an elegant design and warm ambience.
- Dimmable – Featuring 24V DC allows any of the LineX fittings to be dimmed in multiple ways.
