

Stealth Adjustable Surface Mount / Track Light

Product Description

The Stealth is a hybrid of elegance and flexibility, which is available in track or surface mounted version.

It is available with LED 15W LED module, and the deep baffle enables to build the LED module deeply into the fitting to achieve a high level of visual comfort.

The upper and lower body can be moved and angled in very dynamic and fluid way

The luminaire can be rotated fully at 360°, with the head rotated up to 90° for multiple installation requirements. Innovation thermal design to incorporate pure aluminium body as heatsink and air convection cooling guarantees LED's stable performance and long lifespan
