## Wall-mounted Ambient Linear Lighting System

### Wallis

#### Construction and Design execution

---

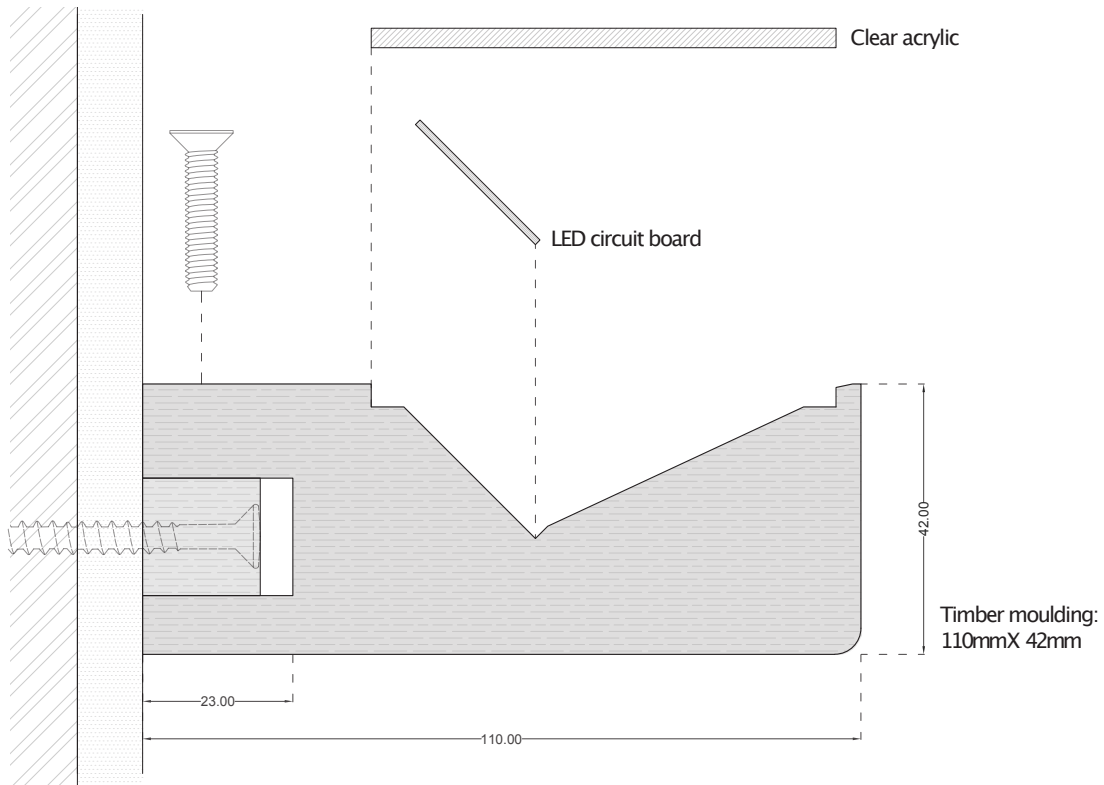

A modular wall system, delivering high-powered ceiling reflected light.

Use for uniform ambient light and maximum visual comfort levels.

Designed and built in Australia.

## Cross-section

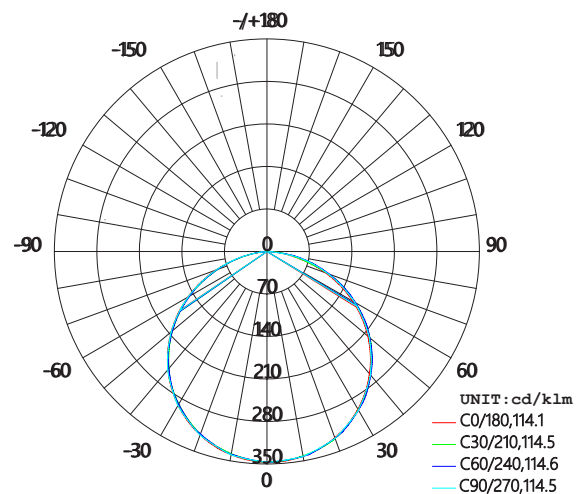

## Electronic

Performance	
Voltage	24 V
Current	1050 mA
Power (per 10cm segment)	2.5 W
Power (per metre)	25 W
Power (1.2m length)	30 W

## Optical

<b>Output</b>	
Lumens	2583 Lm/m
Beam angle	120° (asymmetric)
<b>Colour</b>	
Rendering	90+ CRI
Matching	<3 SDCM
<b>Options</b>	
XX2Warm white	2200K
Warm white	2700K
Mild white	3500K
Neutral white	4500K

## Polar diagram

AVERAGE BEAM ANGLE(50%):114.4 DEG
